

As a customer, I want to be able to **sign in/ sign up/ continue as guest**, so that I can **browse** the online movie ticket booking system.

The screenshot shows the Movie Mate website interface. At the top left is the 'MOVIE MATE' logo. To its right is a search bar with the placeholder text 'Search movie...' and a 'Clear' button. Further right is a user icon and a 'Login' link. Below the search bar are two tabs: 'MOVIES' (selected) and 'LOCATIONS'. The main content area is divided into two sections: 'Now showing' and 'Coming Soon'. The 'Now showing' section has a large empty box with a left arrow on the left and a right arrow on the right. The 'Coming Soon' section displays a row of movie posters, including 'AFRAID', 'LION KING', 'THE WILD ROBOT', and 'ONE'. A large orange modal is centered on the screen, titled 'Sign in'. It contains a 'MOVIE MATE' logo at the top, followed by the text 'Sign in'. Below this are two input fields: 'Email address' and 'Password'. At the bottom of the modal are three buttons: 'Sign in', 'OR', and 'Sign up'. A link for 'Forgot Password' is located below the 'Sign up' button. A close button (X) is in the top right corner of the modal.
